HIV Glasgow 2024: Scientific Programme

Sunday 10 November	
10:30-12:00	NEAT ID Studies and Updates
	A workshop organised by the NEAT ID Foundation
10:30-12:00	STEPS to curing HIV A workshop by the European AIDS Treatment Group (EATG)
12:00–12:30	Coffee, Posters and Exhibition
12:30-13:30	Industry Symposium
13:30–14:15	Lunch, Posters and Exhibition
14:15-15:15	Industry Symposium
15:15-15:30	Coffee
15:30-17:00	Industry Symposium
17:00–17:30	Coffee, Posters and Exhibition
17:30–17:50	Official Opening, Welcome from Glasgow City, and Outcomes, public health responses, lessons learned and current status of the Glasgow HIV outbreak (10 year overview)
17:30–17:40	Alexandra Calmy, HIV/AIDS Unit, Division of Infectious Diseases, Geneva University Hospitals, Geneva, Switzerland Chloe Orkin, Blizard Institute, Queen Mary University of London, London, UK; and Barts Health NHS Trust, London, UK
17:40–17:45	Representative from Glasgow City Council, Glasgow, UK and
17:45–17:50	Erica Peters, Infectious Diseases Department, NHS Greater Glasgow and Clyde, Glasgow, UK
17:50-19:00	Stigma in HIV, Past, Present and Future. Stereotyping Patients: Impact on HIV Treatment
Co-chairs:	Alexandra Calmy Chloe Orkin
17:50–17:55	Welcome and Introduction
17:55–18:10	Rigmor C Berg, Department of Community Medicine, UiT The Arctic University of Norway, Tromsø, Norway
18:10-18:25	Angelina Namiba, 4M Mentor Mothers Network, London, UK
18:25–18:40	Teymur Noori, HIV and Migrant Health, European Centre for Disease Prevention and Control (ECDC), Stockholm, Sweden
18:40-19:00	Panel Discussion and close
19:00-20:00	Welcome Reception

Monday 11 November

00 00 00 45	
08:30-09:45	Experience in the Implementation of Long-Acting Treatment Session in collaboration with the International AIDS Society
Co-chairs:	Cissy Kityo, Joint Clinical Research Centre, Kampala, Uganda
co chans.	Simon Collins, HIV i-Base, United Kingdom
08:30-08:35	Welcome and Introduction
	Cissy Kityo
08:35–18:45	Long-acting treatment for virally suppressed individuals
	Chloe Orkin, Blizard Institute, Queen Mary University of London, London, UK; and Barts Health NHS Trust, London, UK
	neuitii Nns Trust, Lotiuoti, Ok
08:45-09:00	Long-acting treatment for non-virally suppressed individuals on cabotegravir + rilpivirine:
	real world evidence
	Monica Gandhi, Division of HIV, Infectious Diseases, and Global Medicine at University of
	California San Francisco / San Francisco General Hospital, San Francisco, CA, USA
09:00-09:30	Oral papers x 3
09:30-09:45	Panel discussion and close
	All
09:45-10:15	Coffee, Posters and Exhibition
10.45.44.45	
10:15–11:15 <i>Co-chairs:</i>	Managing Cardiometabolic Risk in HIV: The Role of Old and New Drugs
Co-chairs:	Bernard Surial, Department of Infectious Diseases, University Hospital of Bern, Bern,
	Switzerland
	Switzerland Andrew Carr, Immunology and HIV Unit. St Vincent's Hospital: and University of New South
	Switzerland Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia
	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South
10:15–10:20	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South
10:15–10:20	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia
	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial
10:15–10:20 10:20–10:33	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV
	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial
	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain
10:20–10:33	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV
10:20–10:33 10:33–10:46	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention)
10:20–10:33	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV
10:20–10:33 10:33–10:46	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University
10:20–10:33 10:33–10:46	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV
10:20–10:33 10:33–10:46	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University
10:20–10:33 10:33–10:46 10:46–10:59	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close
10:20–10:33 10:33–10:46 10:46–10:59	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy
10:20–10:33 10:33–10:46 10:46–10:59 10:59–11:15	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close All, joined by Nadine Jaschinski, The International Cohort Consortium of Infectious Disease (RESPOND), and CHIP, Rigshospitalet, Copenhagen, Denmark
10:20–10:33 10:33–10:46 10:46–10:59	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close All, joined by Nadine Jaschinski, The International Cohort Consortium of Infectious Disease (RESPOND), and CHIP, Rigshospitalet, Copenhagen, Denmark Elimination of HIV Vertical Transmission Across the World
10:20–10:33 10:33–10:46 10:46–10:59 10:59–11:15	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close All, joined by Nadine Jaschinski, The International Cohort Consortium of Infectious Disease (RESPOND), and CHIP, Rigshospitalet, Copenhagen, Denmark Elimination of HIV Vertical Transmission Across the World In collaboration with the Euroguidelines in Central and Eastern Europe (ECEE) Network
10:20–10:33 10:33–10:46 10:46–10:59 10:59–11:15	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close All, joined by Nadine Jaschinski, The International Cohort Consortium of Infectious Disease (RESPOND), and CHIP, Rigshospitalet, Copenhagen, Denmark Elimination of HIV Vertical Transmission Across the World In collaboration with the Euroguidelines in Central and Eastern Europe (ECEE) Network Group
10:20–10:33 10:33–10:46 10:46–10:59 10:59–11:15	Andrew Carr, Immunology and HIV Unit, St Vincent's Hospital; and University of New South Wales, Sydney, Australia Welcome and Introduction Bernard Surial Managing cardiovascular disease risk in HIV Esteban Martinez, Infectious Diseases Unit, Hospital Clínic de Barcelona, Barcelona, Spain GLP-1 agonists to mitigate cardiometabolic risk (incl role in obesity, diabetes and primary CVD prevention) Managing ART-associated weight gain in HIV Cristina Mussini, Department of Infectious Diseases and Tropical Medicine, University Hospital, Modena, Italy Panel discussion and close All, joined by Nadine Jaschinski, The International Cohort Consortium of Infectious Disease (RESPOND), and CHIP, Rigshospitalet, Copenhagen, Denmark Elimination of HIV Vertical Transmission Across the World In collaboration with the Euroguidelines in Central and Eastern Europe (ECEE) Network

	Parasitology, Virology, Diabetes, Endocrinology, University of Medicine and Pharmacy "Carol Davila" Bucharest, Romania
11:15–11:20	Welcome and Introduction Cristiana Oprea
11:20–11:35	Triple elimination initiative of mother-to-child transmission of HIV, syphilis and hepatitis B
11:35–11:47	Human rights and elimination of HIV vertical transmission, including co-infection – insights from Eastern Europe and Central Asia Justyna Kowalska, Department of Adult Infection Diseases, Medical University of Warsaw, Warsaw, Poland; and HIV Out-Patient Clinic, Hospital for Infectious Diseases, Warsaw, Poland
11:47–11:59	Sexual violence, HIV and pregnancy outcomes in South America Claudia Cortes, Faculty of Medicine, University of Chile, Santiago, Chile
11:59–12:11	Early infant diagnosis and linkage to HIV care for children – are we there yet? Oxana Turcanu, Perinatal Center, Clinical Municipal Hospital "Gheorghe Paladi", Chişinău, Moldova
12:11–12:30	Panel discussion and close All
12:30-13:45	Lunch, Posters and Exhibition
12:45-13:45	Industry Symposium
12.45-15.45	industry Symposium
13:45-14:30	Antiretroviral Treatment Strategies
Co-chairs:	Magdalena Ankiersztejn-Bartczak, Foundation for Social Education, Warsaw, Poland Alexandra Calmy, HIV/AIDS Unit, Division of Infectious Diseases, Geneva University Hospitals, Geneva, Switzerland
13:45–13:50	Welcome and introduction Alexandra Calmy
13:50-14:10	New Treatments and Future Combinations Jose Arribas, Infectious Diseases Unit, La Paz Hospital, Madrid, Spain; and School of Medicine, Autonoma University School of Medicine, Madrid, Spain
14:10-14:20	Oral paper
14:20-14:30	Panel discussion and close All
14:30-15:45	Infection Prevention
Chair:	Iskandar Azwa, University Malaya, Kuala Lumpur, Malaysia
14:30–14:35	Welcome and introduction Iskandar Azwa
14:35–14:45	A provider's perspective of DoxyPEP Jade Ghosn, Department of Infectious Diseases, Bichat University Hospital, Paris, France

 ${\bf Cristiana\ Oprea}, {\it Department\ of\ Infectious\ Diseases,\ Epidemiology,\ Microbiology,}$

14:45–14:55	A DoxyPEP perspective from the community Sophie Strachan, The Sophia Forum, London, UK; and Chelsea and Westminster Hospital NHS Foundation Trust, London, UK
14:55–15:05	Oral paper
15:05-15:20	Mpox: WHO Update
15:20–15:30	Oral paper
15:30–15:45	Panel discussion and close All
15:45-17:00	Supporting an Older Population of People Living With HIV, or at Risk of HIV In collaboration with the British HIV Association
Co-chairs:	Giovanni Guaraldi, Modena HIV Metabolic Clinic, University of Modena and Reggio Emilia, Modena, Italy Nicoletta Policek, UK Community Advisory Board (UK-CAB), UK
15:45–15:50	Welcome and Introduction Co-chair
15:50–16:00	Global perspectives on HIV in older people Caroline Sabin, Institute for Global Health, University College London (UCL), London, UK
16:00-16:10	Models of care for older people with HIV Tristan Barber, Ian Charleson Day Centre, Royal Free Hospital, London, UK
16:10–16:20	Are we adequately supporting women ageing with HIV? Yvonne Gilleece, Claude Nicol Centre (Sexual Health) and Lawson Unit (HIV), Brighton and Sussex University Hospitals NHS Trust, Brighton, UK
16:20–16:30	PrEP in older people at risk of HIV acquisition Juddy Otti-Olunga, HIV Services, Africa Advocacy Foundation, and The Sophia Forum, London, UK
16:30–16:40	Adults with perinatally acquired HIV: emerging clinical outcomes and data gaps Merle Henderson, Clinical Trials Centre, Imperial College Healthcare NHS Trust, London, UK
16:40-17:00	Panel discussion and close All
17:00-17:30	Coffee, Posters and Exhibition
17:30–19:00	Industry Symposium

Tuesday 12 November

08:30-09:30	Industry Symposium
09:30-09:45	Coffee, Posters and Exhibition

09:45-11:15	Integrase Strand Transfer Inhibitor (INSTI) Resistance
Co-chairs:	Anton Pozniak, Chelsea and Westminster Hospital, London, UK
	Marco Vitoria, Department of HIV/AIDS, World Health Organization, Geneva, Switzerland
09:45-09:50	Welcome and Introduction
031.13 03.30	Anton Pozniak
	AITOIT OZIIION
09:50-10:05	INSTI resistance global data trends
09.50-10.05	•
	Daniel Kuritzkes, Division of Infectious Diseases, Brigham and Women's Hospital, Boston,
	MA, USA
10:05–10:20	2 nd generation INSTI resistance in randomized trials and cohorts
	Andrew Hill, Department of Pharmacology and Therapeutics, University of Liverpool,
	Liverpool, UK
10:20-10:35	HIV drug resistance testing: new strategies and the promise of new technologies
	Gert Van Zyl, Department of Pathology, Faculty of Medicine and Health Sciences,
	Stellenbosch University, Cape Town, South Africa
	,
10:35-10:55	Oral papers x 2
10.03 10.33	
10:55-11:15	Panel discussion and close
10.55-11.15	
	All, Led by Marco Vitoria, Department of HIV/AIDS, World Health Organization, Geneva,
	Switzerland
44 45 40 00	
11:15–12:00	Keynote Lecture: Artificial Intelligence and Digital Technologies: Their Role in Future HIV
	Research, Treatment and Care
_	·
Chair:	Peter Hunt, University of California, San Francisco, United States
Chair:	Peter Hunt, University of California, San Francisco, United States
Chair:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research
Chair:	Peter Hunt, University of California, San Francisco, United States
Chair:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research
Chair:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health
Chair: 12:00–13:00	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health
	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa
12:00-13:00	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future
12:00-13:00	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands
12:00–13:00 Co-chairs:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France
12:00-13:00	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote
12:00–13:00 Co-chairs:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world
12:00–13:00 Co-chairs:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS
12:00–13:00 Co-chairs:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world
12:00–13:00 Co-chairs: 12:00–12:05	Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss
12:00–13:00 Co-chairs:	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss Keynote – HIV cure: Lessons learnt and prospects for the future
12:00–13:00 Co-chairs: 12:00–12:05	Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss Keynote – HIV cure: Lessons learnt and prospects for the future Linos Vandekerckhove, Department of Internal Medicine and Pediatrics, HIV Cure Research
12:00–13:00 Co-chairs: 12:00–12:05	Peter Hunt, University of California, San Francisco, United States Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss Keynote – HIV cure: Lessons learnt and prospects for the future
12:00–13:00 Co-chairs: 12:00–12:05 12:05–12:30	Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss Keynote – HIV cure: Lessons learnt and prospects for the future Linos Vandekerckhove, Department of Internal Medicine and Pediatrics, HIV Cure Research Center, University Hospital Ghent, Ghent University, Ghent, Belgium
12:00–13:00 Co-chairs: 12:00–12:05	Alastair C Van Heerden, Center for Community Based Research, Human Sciences Research Council, Pietermaritzburg, South Africa; and SAMRC/Wits Developmental Pathways for Health Research Unit, University of the Witwatersrand, Johannesburg, South Africa HIV Cure: Lessons Learnt and Prospects for the Future Peter Reiss, Amsterdam UMC, University of Amsterdam in Amsterdam, The Netherlands Alain Volny-Anne, Paris, France Welcome and introduction to this year's Joep Lange and Jacqueline van Tongeren keynote lecture, dedicated to them in recognition of their commitment and passion to rid the world of HIV/AIDS Peter Reiss Keynote – HIV cure: Lessons learnt and prospects for the future Linos Vandekerckhove, Department of Internal Medicine and Pediatrics, HIV Cure Research

13:00–14:15 Lunch, Posters and Exhibition

13:15–14:15 Industry Symposium

14:15–15:30 Clinical Case Study Session

In collaboration with the Liverpool DDI team

Facilitators: Roy Gulick, Department of Medicine, Weill Cornell Medicine, New York, NY, USA

Saye Khoo, Institute of Systems, Molecular and Integrative Biology, University of Liverpool,

Liverpool, UK; and Royal Liverpool University Hospital, Liverpool, UK

Catia Marzolini, Department of Infectious Diseases & Hospital Epidemiology, University

Hospital of Basel, Basel, Switzerland; and Service of Clinical Pharmacology, Lausanne University Hospital, Lausanne, Switzerland; and School of Molecular & Clinical Pharmacology, University

of Liverpool, Liverpool, UK

Panellists: Marta Boffito, Clinical Research Facility / HIV Service, Chelsea and Westminster Hospital,

London, UK; and Department of Infectious Disease, Faculty of Medicine, Imperial College

London, London, UK

Lene Ryom, Department of Clinical Medicine, University of Copenhagen, Copenhagen,

Denmark

Claudia Cortes, Faculty of Medicine, University of Chile, Santiago, Chile

Karine Lacombe, Department of Infectious Diseases, Hospital Saint Antoine, Paris, France

14:15–14:25 Celebrating 25 years of the work of the Liverpool DDI Team

Saye Khoo

14:25–14:45 Case 1: Seroconversion on long-acting PrEP

Jean-Michel Molina, University of Paris, Paris, France; and Infectious Diseases Department, Saint-Louis and Lariboisière Hospitals, Paris, France

Do you use them and what about DDIs?

Laura Waters, Mortimer Market Centre, University College London Hospitals NHS Foundation

Trust London, UK

15:05-15:25 **Case 3: TB with ART?**

Catherine Orrell, Antiretroviral Treatment Division (ART), Desmond Tutu HIV Centre, University of Cape Town, Cape Town, South Africa

15:25–15:30 **Close**

Saye Khoo

15:30–16:00 HIV in migrant populations

The Lancet HIV

A 'fireside chat' between the session moderator and invited guests to learn more about The Lancet HIV's upcoming paper series. The 'chat' will discuss how the concept came about, and explore the challenges faced along the way as the series progressed.

Guests: Claudia Cortes, Faculty of Medicine, University of Chile, Santiago, Chile

Alena Kamenshchikova, Faculty of Health, Medicine and Life Sciences, Maastricht University,

Maastricht, The Netherlands

16:00-17:00	Emerging Ethical and Participation Challenges in HIV Research and Development in collaboration with the European AIDS Treatment Group (EATG)
Co-chairs:	Aisuluu Bolotbaeva, EATG, Bishkek, Kyrgyzstan Mario Cascio, EATG, Palermo, Italy
16:00–16:05	Welcome and introduction Co-chair
16:05–16:15	The challenges of ATI in HIV cure research from the community perspective Gus Cairns, London, UK

16:25–16:35	Bridging the gap: Ensuring gender equity in clinical trials for better health outcomes Oana Sandulescu, Infectious Diseases, Carol Davila University of Medicine and Pharmacy, Bucharest, Romania
16:35–16:45	Broadening horizons: Enhancing transgender inclusion and global diversity in clinical trials Amanita Calderon Cifuentes, <i>Transgender Europe, Berlin, Germany</i>
16:45–17:00	Discussion, Q&A and conclusions All
17:00-17:30	Coffee, Posters and Exhibition
17:30–19:00	Industry Symposium

Wednesday 13 November

08:30-09:45	Guidelines Session: 2024 Update and CV Risk Recommendations in collaboration with the European AIDS Clinical Society (EACS)
Co-chairs:	Jürgen Rockstroh, Department of Medicine I, University Hospital Bonn, Bonn, Germany; and German Centre for Infection Research (DZIF), Bonn, Germany Juan Ambrosioni, HIV/AIDS Unit and Infectious Disease Service, Hospital Clinic-IDIBAPS, University of Barcelona, Barcelona, Spain
08:30-08:35	Welcome and introduction, and the 2024 EACS guidelines: new format, new content and new terms of reference Juan Ambrosioni
08:35-08:45	Update on ART for treatment and prevention Laura Levi, Department of Infectious Diseases, St-Louis and Lariboisière Hospitals, APHP, University of Paris Cité, Paris, France
08:45-08:55	Update on co-infections, sexually transmitted infections and opportunistic infections Andrea Mastrangelo, Department of Allergy and Clinical Immunology, Centre Hopitalier Universitaire Vaudoise (CHUV), Lausanne, Switzerland
08:55-09:05	Update on paediatric HIV management, vertical transmission and infant feeding Steven Welch, Department of Paediatrics, Heartlands Hospital, University Hospitals Birmingham, Birmingham, UK

09:05–09:25 **Co-morbidities: update on cardiovascular and metabolic risk, including statins** recommendations and other co-morbidities

Jasmini Alagaratnam, Department of Sexual Health & HIV, Chelsea & Westminster Hospital NHS Foundation Trust, London, UK; and Department of Infectious Disease, Faculty of Medicine, Imperial College London, London, UK

09:25–09:45 Panel discussion and closing remarks

Esteban Martínez, HIV Unit, Infectious Diseases Service, Hospital Clinic of Barcelona, Barcelona, Spain; and University of Barcelona, Barcelona, Spain; and CIBER de Enfermedades Infecciosas (CIBERINFEC), Instituto de Carlos III, Madrid, Spain

Catia Marzolini, Department of Infectious Diseases & Hospital Epidemiology, University Hospital of Basel, Basel, Switzerland; and Service of Clinical Pharmacology, Lausanne University Hospital, Lausanne, Switzerland; and School of Molecular & Clinical Pharmacology, University of Liverpool, Liverpool, UK

Luís Mendão, *GAT – Portuguese Activist Group on Treatments, Lisbon, Portugal* **Jean-Michel Molina,** *University of Paris, Paris, France; and Infectious Diseases Department, Saint-Louis and Lariboisière Hospitals, Paris, France*

Cristiana Oprea, Department of Infectious Diseases, Epidemiology, Microbiology, Parasitology, Virology, Diabetes, Endocrinology, University of Medicine and Pharmacy "Carol Davila" Bucharest, Romania

Steven Welch, University Hospitals Birmingham NHS Foundation Trust, United Kingdom

09:45-10:15 Coffee, Posters and Exhibition

10:15–11:45 **Co-morbidities and Co-infections**

Co-chairs: Karine Lacombe, Department of Infectious Diseases, Hospital Saint Antoine, Paris, France

Milosz Parczewski, Pomeranian Medical University, Szczecin, Poland

10:15–11:45 **Oral Papers x 6**

11:45–12:50 **PrEP-ing for the Future**

Co-chairs: Alexandra Calmy, HIV/AIDS Unit, Division of Infectious Diseases, Geneva University Hospitals,

Geneva, Switzerland

Chloe Orkin, Blizard Institute, Queen Mary University of London, London, UK; and Barts Health

NHS Trust, London, UK

11:45–12:05 Keynote Lecture: PrEP Therapeutic Agents - What's on the Horizon and Access?

Lock Lecture gifted by the Royal College of Physicians and Surgeons of Glasgow

Linda-Gail Bekker, Desmond Tutu HIV Centre, University of Cape Town, Cape Town, South

Africa

12:05–12:35 **Oral papers x 3**

12:35–12:50 Panel discussion and congress close

ΑII

12:50–13:00 **Congress close**

13:00–13:45 Lunch, Posters and Departures
